Summary

M.Sc. Computer Science graduate proficient in Data Visualization, Reporting, Dashboarding, and Insight Analysis, with hands-on experience in SQL, Excel, Power BI, Tableau, and Python. Building strong analytical, decision-making, and problem-solving skills with a learning mindset and proactive approach. Seeking an entry-level Data Analyst role.

Skills

- **Programming**: Python, SQL, C
- **Data Analysis**: Pandas, NumPy, Matplotlib, Scikit-learn, Seaborn
- **BI Tools**: Power BI, Tableau, Excel
- **Tools**: Git, Jupyter Notebook, PostgreSQL

Experience

Cognifyz Technologies – (Power BI Intern) Feb 2025 – March 2025

- Completed a Power BI internship at Cognifyz Technologies, gaining hands-on experience in creating interactive dashboards, data visualization, and business intelligence reporting.
- Demonstrated strong attention to detail, teamwork, and communication skills while contributing to data-driven projects and learning advanced BI concepts.

CodSoft IT Services – (Data Science) March 2025 – April 2025

- Executing projects like Titanic Survival Prediction, Iris Flower Classification, and Credit Card Fraud Detection using Jupyter Notebook.
- Utilized Pandas, NumPy, scikit-learn, and Matplotlib for data preprocessing, model building, and visualization, showcasing strong analytical and programming skills.

Projects

Student Performance Analysis System | *Python, Pandas, Matplotlib, Pytest (GitHub)*

- Analyzed student academic performance data using Pandas and NumPy, identifying key factors behind results through data cleaning and EDA.
- Visualized attendance and score trends with Matplotlib, and validated the pipeline with Pytest unit tests.

Sales & Regional Performance Dashboards | *Excel, Pivot Tables, Power Query (GitHub)*

- Built end-to-end Excel dashboards for regional product sales and shipping/logistics performance using pivot tables, slicers, and KPI cards.
- Tracked ₹49.8L in sales across 1,500 orders (12.12% profit margin) and ₹22.37M in logistics revenue at a 31.25% margin, enabling region- and salesperson-level performance comparisons.

Swiggy Instamart Grocery Sales Dashboard | *Power BI, DAX, Power Query (GitHub)*

- Cleaned a deliberately messy dataset (duplicate categories, nulls, invalid values), modeled it into a star schema, and wrote DAX measures to build a multi-page executive dashboard.
- Tracked ₹1.20M in sales across 8,523 orders, surfacing revenue, AOV, and city-tier splits through DAX-driven KPI visuals.

Sales & Customer Revenue Analytics | *Tableau, Data Modelling, YoY Analysis (GitHub)*

- Built a two-page Tableau workbook on a relational Orders/Customers/Products/Location dataset, tracking $164.4M in sales and $27.9M profit.
- Analyzed 693 customers across 1,687 orders with a top-10 profit leaderboard, year-over-year comparisons, and subcategory-level profit/loss breakdowns.

Education

Tikaram Jagannath College Pune, India
Master Of Science (Msc) ,Computer Science *Graduate – July 2026, CGPA :- 8.23*

Nowrosjee Wadia College Pune, India
Bachelor Of Science (Bsc), Computer Science *Graduate – 2024 CGPA :- 7.84*

S.V Union Jr College Pune, India
12th Science *August 2021, Percentage :- 80.33*

Certifications

- ORACLE AI Foundation Associate (AI, ML, Cloud Basics) - *Oracle*
- Google Fundamental of Digital Marketing - *Google*
